## Wireless Wrist Blood Pressure Monitor

### Specification:

Fuzzy logic digital blood pressure monitors wrist type  
Capacitive pressure sensor, Oscillometric test method

**Resolution:** 1mmHg

**Measurement Range:** BP: 0~299mmHg;

**Pulse:** 40~199 beats/min

**Accuracy: Pressure:** ±3mmHg;

**Pulse:** ±5%

**Memory:** 2\*90 group memory, two users model

**Average function:** Last 3 times of measurement

**Power supply:** DC:3V(2\*AAA);

**Battery Life:** 300times

**Product size:** 79×66×64.5mm (L\*W\*H)

**LCD size:** 35×46mm

**Weight:** 123g (naked with cuff)

Irregular Heart Beat Detection/ WHO Classification Indicator

Low Battery Indicator/ Time & Date display/ Auto power off

**Working Condition Temperature:** 5°C~40°C;

Humidity <85%

**Storage Condition Temperature:** -20°C~ +55°C;

Humidity <85%

4.0  
Bluetooth

Standard Package: Plastic Case, Monitor, 2 AAA Batteries

Certification: CE, RoHS, FDA
